

Kart 2 Kart Price Sheet

Open daily, Kart 2 Kart offers the latest indoor karting experience. The main focus of our operations are the Pro Karts that can be driven upwards of 35mph, designed for **ADULT** drivers who are a minimum of 16 years old with valid driver's license. "Open Practice" is our time available each day for customers to walk in and race, on a first come first serve basis.

We recommend calling ahead to verify our OPEN PRACTICE schedule as it can change daily.

Our 35 mph pro karts navigate the 1/5 mile circuit, and up to 10-12 drivers can race at one time in eight(8) minute races. We race every day rain or shine. Driver's age 16-17 years old shall have Parental Consent forms, signed by parent/guardian prior to driving. Form available on website.

Grand Prix

This is our most popular format with a fun, competitive twist for groups with 8-50 drivers. Each driver participates in three (3) driving sessions. One practice session followed by one qualifier session, and the third session is a position race based upon fastest qualifying lap time. Reservation / Deposit required.
